

NOMAD

The **Nomad** will make you smile. Stable, easy to turn, forgiving and easy to transport, the **Nomad** will quickly become your friend. So cleverly designed it almost paddles itself, you'll gain confidence in no time at all. The **Nomad's** hull is cleverly designed with a combination of rocker and keel that give her good tracking and handling characteristics. Her chines give her grip in waves and surf. The **Nomad** is guaranteed to make you look good your first time out, no matter your ability. Equipped with the optional skeg, the **Nomad** will track even more true. For whitewater or surf addicts, thigh straps are available, which turbo charge the **Nomad's** handling!
